Skills & Abilities

Pleasant Communication Skills

- Proven, effective written and verbal communication skills for requirements gathering. Ability to listen to technical topics and I can simplify concepts and respond appropriately.

Virtual Teams and Project Management

- This Summer of 2018, I experienced working on a large website project in a virtual team with my superior to communicate the direction of the project.

Computer Programing Languages

- Language: C++, Java, Python, and SQL. I'm learning 24-bit Assembler currently and next on my list is Cobol and Perl.
- Web Languages: HTML5, CSS, Bootstrap, a little PHP, JavaScript and am new to JS frameworks.

Software Adaptable

- Teaching myself to learn hotkeys to work faster, and to learn new software programs. Recently became proficient at Illustrator, as well as being basic experience with scripts and code, which was ascertained from recent internship

Experience

Tech Assistant - Social Media Team | NIU | Summer of 2018 - Now | 815-353-6070

- Performed a multitude computer operations for the NIU Housing Department. Worked under the direction of my boss to redesign and implement five webpages for each residence hall according to the NIU marketing standards. Links to those pages on my site displayed in the footer.

Sales Representative | Preferred Vendors | Summer of 2016 | 847-903-3281

- Door to door sales selling coupon books and newspaper subscriptions. Consistently met and exceeded sales goals.
